This certificate has been created in accordance with guidance set by the Ministry of Health (MOH), Kingdom Saudi Arabia (KSA). In specific: All pilgrims who intend to undertake Hajj or Umrah and seasonal workers, are required to provide proof of vaccination against meningococcal meningitis ACW₁₃₅Y in order to obtain a visa for entry into KSA. The MOH KSA stipulate that one dose of meningitis ACW₁₃₅Y conjugate vaccine should be received not more than five years (three years for a polysaccharide vaccine) and not less than ten days, before arrival in KSA. Please note that if the vaccine type is not indicated, the certificate will be valid for three years.
